

STUDENTS' COOPERATIVE

How it works in Poland

HOW TO START STUDENTS' COOPERATIVE?

1. There must be an information in school status that students' cooperative exists at school.

2. One of the teachers must help students as an administrator.

3. You must find 20 students to join the students' cooperative. You must make a list of them, collect entry fee and write the status.

4. You must call the first meeting of members and discuss these topics:

- A. Acquaintance with the status.
- B. Accepting members who paid entrance fee.
- C. Selection of self- gouvernement (3 persons).
- D. Selection of supervisory board (3 persons).
- E. Approval of work plan for this year.
- F. Choice of shop assistants.

5. You must find out, if there is a council of students' cooperatives and write a report of your activity.
